

# HP Latex 800 W Printer

Win high-value jobs with white ink and productive printing—and sharpen your sustainability edge

## Expand into white, produce the highest value jobs

- Extend your portfolio into high-margin stickers and window graphics with the whitest white.<sup>1</sup>
- Print white without complexity—automatic recirculation and printhead cleaning reduce manual purging.
- Deliver vivid colours at high speed, get striking contrast using pure blacks, and expect sharp 4-point text.
- Choose from a wide application range covering banners/textiles/poster paper, canvas, wallpaper, and vinyl.

## Robust, smart, and productive printing

- Drive high productivity with saturated colour at speeds up to 36 m<sup>2</sup>/hr outdoor<sup>2</sup>, easy spindle-less loading.
- Control print operations virtually anytime, anywhere with HP PrintOS tools, and grow with HP Learn trainings.
- Work fast processing reprints and multi-copy jobs with a smart front panel, and store up to 100 jobs.
- Help reduce running costs with cost-effective 3-liter HP ink cartridges, changed while the printer runs.

## Sharpen your sustainability edge with HP Latex

- Innovative water-based HP Latex Inks—no HAPs<sup>3</sup>, no required hazard warning labels, and odorless prints.<sup>4</sup>
- Local HP Eco-Carton outer carton recycling.<sup>5</sup>
- Choose from a wide range of compatible eco-conscious media.<sup>6</sup>
- HP Latex prints are recyclable, returnable, or non-hazardous and safe for disposal.<sup>7</sup>

Dynamic security enabled printer. Only intended to be used with cartridges using an HP original chip. Cartridges using a non-HP chip may not work, and those that work today may not work in the future. More at: <http://www.hp.com/go/learnaboutsupplies>

<sup>1</sup> Whitest white based on ISO/DIS 23498 compared to competitive alternatives using solvent and UV technologies under \$50,000 USD as of May, 2020. Test performed on black opaque self-adhesive vinyl (L\*:4.16 – a\*:0.48 – b\*:2.34) with 160% UF printmode using HP 873 3-liter White Latex Ink Cartridge. Visual opacity = 91%.

<sup>2</sup> Outdoor mode (Banner) 4-pass, 100%. Based on internal HP testing in September 2020 on Avery 3001. Print speed may vary due to the adaptive printing mechanism to avoid image quality defects.

<sup>3</sup> HP Latex Inks were tested for Hazardous Air Pollutants, as defined in the Clean Air Act, per U.S. Environmental Protection Agency Method 311 (testing conducted in 2013) and none were detected.

<sup>4</sup> There is a broad set of media with very different odor profiles. Some of the media can affect the odor performance of the final print.

<sup>5</sup> The ink cartridge outer carton is 100% recyclable through local cardboard/paper programs.

<sup>6</sup> See <http://www.hp.com/go/mediasolutionslocator>.

<sup>7</sup> Most HP large format paper-based printing materials can be recycled through commonly available recycling programs, or according to region-specific practices. Some HP media are eligible for return through the free, convenient HP Large Format Media take-back program. Programs may not exist in your area. See <http://www.HPLFMedia.com/hp/ecosolutions> for details. HP large format printing materials, both unprinted and printed with Original HP Latex Inks, are non-hazardous and safe for disposal. Contact your local waste management authority for local area-specific instructions.

ECO highlights

- Inks do not use reactive monomer chemistry, are ozone-free, and meet the ZDHC standard<sup>1</sup>
- Can win new business with odorless prints, UL ECOLOGO®/UL GREENGUARD Gold Certified ink, and more<sup>2</sup>
- High-volume 3-liter HP Eco-Carton ink cartridges—carton-based design significantly reduces plastic

Please recycle printing hardware and eligible printing supplies and prints. Find out how at our website: <http://www.hp.com/ecosolutions>

<sup>1</sup> See <http://www.roadmaptozero.com>. Printing with HP Latex Inks avoids the problematic reactive monomers associated with UV printing. Acrylate monomers present in uncured UV inks and UV-gel inks can damage skin.  
<sup>2</sup> There is a broad set of media with very different odor profiles. Some of the media can affect the odor performance of the final print. For certifications, see <http://www.ul.com/EL> and <http://www.ul.com/gg>.

<sup>3</sup> Print speeds may vary due to the adaptive printing mechanism to avoid image quality defects.  
<sup>4</sup> The colour variation between printed jobs has been measured at 12 pass mode on vinyl media following best practices for tiling layouts and within this limit: 95th percentile of pairwise colour differences (95% of colours) ≤ 1 dE2000. Reflective measurements on a 943 colour target under CIE standard illuminant D50, and according to the standard CIEDE2000 as per CIE Draft Standard D5 014-6/E:2012. 5% of colours may experience variations above 1 dE2000. Backlit substrates measured in transmission mode may yield different results.  
<sup>5</sup> Wiper roller is an optional accessory.  
<sup>6</sup> Automatic horizontal cutter is for use with thinner banners and canvas only. It is recommended to perform a test.  
<sup>7</sup> Textile Kit Accessory required for long runs of textile and porous textile.  
<sup>8</sup> UL GREENGUARD GOLD Certification to UL 2818 demonstrates that products are certified to UL's GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit <http://www.ul.com/gg> or <http://www.greenguard.org>.  
<sup>9</sup> Trademark license code FSC-C115319.  
<sup>10</sup> With HP Latex inks, prints meet AgBB criteria for health-related evaluation of VOC emissions. See <http://umweltbundesamt.de/en/topics/health/commissions-working-groups/committee-for-health-related-evaluation-of-building>.  
<sup>11</sup> This product does not contain substances listed as SVHC (155) per Annex XIV of the EU REACH directive published as of June 16, 2014 in concentrations exceeding 0.1%. To determine the status of SVHC in HP products, see the HP REACH Declaration published at HP Printing Products and Consumable Supplies.
